### Updates to Time Filters in ORBIT

The Reporting and Analytics Team has recently updated the way users set time filters in RM&R's online business intelligence tool, ORBIT.

Users can now select a start and end date using two calendars at the top of each report. This offers users the ability to precisely select a date range to conduct their analyses. Let us know how you use this and the many other filters in ORBIT!

<b>Start Date</b>	<b>End Date</b>	<b>Clear Date</b>
01-01-2011 	11-03-2014 	

### Did You Know?

Since going live with the RM&R application, the Rehab & Continuing Complex Care pathway has seen a:

- Decrease in referral completion time (senders) of 19 hours
- Decrease in referral response time (receivers) of 5.9 days
- Decrease of RFI follow up time (senders) of 2.5 days

These reductions have led to a **7.5 day reduction** of overall referral time for patients in the Rehab/CCC Pathway!

**18%** Completion Time

**85%** Response Time

**50%** RFI Follow Up Time

**44%**

Overall Referral Time

*If you would like to access information like this and much more, we encourage you to use ORBIT. If you need to sign up for ORBIT, please contact us!*
