What's in this issue...

- Version 9.5
- The Scarborough Hospital
- Site Name Changes
- Privacy & Security Attestations
- RM&R at the 2016 eHealth Conference

Version 9.5

The latest version of RM&R, Version 9.5, was set to go live on May 28, 2016. This date has been postponed due to a technical issue identified by the vendor. The RM&R Operations Team is working closely with the vendor to rectify the issue. The new go-live date will be communicated to sites once more information becomes available. If you have any questions regarding the postponed date, please feel free to contact the RM&R Program at RMR_Program@uhn.ca

Welcome The Scarborough Hospital!

On behalf of Toronto Central Local Health Integration Network (TC-LHIN), we are pleased to welcome The Scarborough Hospital (TSH) from Central East LHIN.

TSH will soon be joining the RM&R Program as a new participating site and sender of Rehab/CCC and Palliative referrals. Upon go-live, receiving sites of Rehab/CCC and Palliative referrals in TC-LHIN will be able to accept referrals from The Scarborough Hospital through the RM&R application. The Scarborough Hospital will rollout RM&R across inpatient units in 3 waves.

Eventually, all inpatient units at TSH will be able to send referrals for both Rehab/CCC and Palliative pathways through the RM&R application. The RM&R Program is working TSH to finalize the go-live date for their first wave. This date will be communicated to sites in the coming weeks.

Site Name Changes

Three participating sites have changed their name and we are letting you know! The name changes are as follows:

- St. Christopher House is now known as 'West Neighbourhood House'
- Toronto East General Hospital has been renamed to 'Michael Garron Hospital'
- White Eagle Residence has been changed to 'Chartwell White Eagle Long Term Care Residence'

Is your site changing its name? If so, be sure to contact the RM&R Program to inform us of this change and find out what else may be required by emailing RMR_Program@uhn.ca.

RM&R Presents at the eHealth Conference in Vancouver!

We are excited to announce that our very own Katie Fong, will be presenting at the 16th Annual e-Health Conference in Vancouver on Monday, June 6, from 2 – 2:30pm.

Katie will be presenting on “*Streamlining Community Support Service Referrals in TC-LHIN to Increase Clinician Adoption*”. This presentation showcases the implementation approach used to improve the RM&R referral process for the Community Support Services Sector, as well as highlight key recommendations for similar healthcare projects.

If you're at the conference, show your support!

Privacy & Security Attestations

RM&R would like to thank the Participating Organizations that submitted their Privacy and Security (P&S) Attestations for 2015. P&S Attestations must be completed on a yearly basis as part of site responsibilities outlined in the RM&R Privacy and Security Policies and Procedures and the Data Sharing Agreement.

TC-LHIN has been informed of sites that are pending submission of their attestations to the RM&R Program Office. These sites will be contacted directly by TC-LHIN and informed of next steps.
