

Request Order Template

Order Template

An **Order Template** is a template that clinicians can use to support their referral workflow. They are used to guide users by pre-populating questions with frequently used information. Only **approved** order templates can be added to a site's order template list and has to be updated by your site's Order Template Administrator.

If you would like to submit a request for an order template, please contact your site's Order Template Administrator.

If you are unsure who the Order Template Administrator is, please contact the support desk at referrals@uhn.ca.
